

The Colby-Curtis Museum is a one-of-a-kind institution in the border region of the old County of Stanstead and the only museum accredited by the MRC Memphrémagog. All year long, it offers activities and services that highlight different facets of the history and heritage of our region.

For its funding, the Museum depends on grants from the Government of Quebec, membership fees, and particularly on donations from people like you. Your donations make it possible for us to offer a multitude of programs, exhibitions and activities for both the local community and the general public.

Your donations help the Museum to maintain and expand its programming, and we are very grateful for your support. A tax receipt will be issued for all donations of \$10 or more.

You can donate by cheque or by Visa.
